# International Pediatric Endosurgery Group (IPEG) 2025 Annual Congress

## Partnership prospectus

Dates	May 27 (Tue) – 29 (Thu), 2025
Venue	SHIROYAMA HOTEL kagoshima
President	Satoshi IEIRI, M.D., Ph.D., F.A.C.S. Professor, Department of Pediatric Surgery, Kagoshima University, Kagoshima, Japan

# Invitation

We are excited to bring the most innovative pediatric surgeons across the earth together in Kagoshima, Japan, on May 27-29, 2025. The IPEG is dedicated to furthering the use of minimally invasive surgical techniques to treat surgical conditions in infants, children, and adolescents. This represents a unique opportunity for the industry to interact with those that drive the use of technology. We look forward to seeing you there.

In the past, Prof. Takeshi Miyano hosted the IPEG Congress at Makuhari, Japan in 1997, Prof. Atsuyuki Yamataka hosted at Buenos Aires, Argentine in 2007, and Prof. Tadashi Iwanaka hosted at Beijing, China in 2013. In addition, Prof. Maria Marcela Bailez hosted at Fukuoka, Japan, in 2016. I am the fourth Japanese President of the IPEG, and Kagoshima will be the third city in Japan to host the IPEG.

The International Pediatric Endosurgery Group (IPEG) was founded in 1991 as an international organization that fosters new ideas, techniques, innovations, and education in pediatric minimally invasive surgery. The IPEG is an international organization with members of 52 countries. The goals of the IPEG are to ensure that all pediatric surgeons, pediatric urologists, and general surgeons who treat infants and children have access to current information defining the best, least invasive surgical treatment and to encourage the development and evaluation of those treatments through peer-to-peer communication, education, and research.

The Annual Congress allows for the ability to show cases of both evidence-based and cutting-edge presentations on relevant pediatric surgical conditions and networking opportunities with international colleagues, leaders, and industry partners. Industry partners continue to be an essential part of Congress's success.

We look forward to your comments.

Sincerely,

A handwritten signature in black ink that reads "Satoshi Ieiri". The signature is written in a cursive, flowing style.

Dr. Satoshi IEIRI  
President of the IPEG  
Professor, Department of Pediatric Surgery, Kagoshima University, Kagoshima, Japan
